PROGRAM DESCRIPTION

The Birchbark Expeditions Algonquin-Adventure canoeing program is a week-long high-adventure experience for Scouts BSA and Venture units, operating in Ontario's Algonquin Provincial Park.

Treks start with two training sessions at base camp, working on paddling, portaging, and in-camp skills

During their expedition, crews will follow their custom pre-planned itinerary through the pristine lakes and forests of Algonquin, enjoying the incredible views, wildlife and camaraderie. Crews will also have an opportunity to visit one of many cultural features or hiking trails in the area.
